## Inter FoodTech – Snack & BakeTec - Pac MechEx: Trade fair trio with a fresh approach to technology dissemination and purposeful networking

Inter FoodTech 2021 will be one of its kind trade fair covering the entire end to end technological requirements of food and beverage industry and packaging industry which is scheduled during August 26 – 28, 2021 at Hall no. 4, Bombay Exhibition Centre, Mumbai. This is a brand new trade fair backed by a team with over 15 years of experience in organizing B2B trade fairs on food and food processing & packaging industry.

Conceptualized to offer something for everyone associated with the food processing industry, Inter FoodTech with its well curated supporting programs and interactive experiences create ideal opportunities for industry members to interact with existing and new connections.

With Snack & BakeTec, a specialized trade fair catering to the specific technological requirements of snacks, bakery and confectionary industries & Pac MechEx, international exhibition on packaging material, technology, machinery & services as co-located trade fairs, it will form a perfect synergy making this trade fair trio - a comprehensive and distinctive platform for the complete food and beverage Industry to upgrade and network.

Indian food processing industry is one of the few industry sectors in India which has survived the disruption caused by the pandemic. Trends like work from home, healthy snacking, customers open to try innovative food products, etc. which are here to stay, throw enormous business opportunities for food processing companies. To cater to such demand and to maintain best possible safety standards and optimum production, food processing companies are exploring ways to streamline their production facilities from time to time.

Inter FoodTech along with its co-located trade fairs Snack & BakeTec and Pac MechEx will bring in new dimension to a trade fair experience in India via using innovative promotional tools, organizing live demo factory, well curated supporting programs, etc.

Leading technology suppliers to food and beverage and packaging industries like - Autobake Productions, Axtel Industries, BBL Foods, Catalis Packaging, Dynamech Engineers, Kanchan Metals,

Kiron Food Processing Technologies, GEA, Heat & Control, New Era Machines, Pace Packaging, Pakona Engineers, Repute Engineers, Saurabh Flexipack, Serac Asia, Shreetech Universal, Siddhivinayak Agri, Standard Machinery Marketing Company, Vedic Pac Systems and many others have already blocked their space in this trade fair.

Thanks to our innovative and effective visitor promotions, food start-ups; micro, small and medium enterprises; large Indian food processors and multinational corporations in processed food & beverage manufacturing space will make their presence felt at Inter FoodTech 2021.

Exhibitors profile of Inter FoodTech, Snack & BakeTec & Pac MexhEx will broadly cover: • Grain-based food processing technology • Snack processing technology • Confectionery & chocolate processing technology • Bakery technology & equipment • Meat processing technology • Fish processing technology • Dairy processing technology • Sweet processing technology • Edible fat and oil technology • Starch production plants • Noodle & pasta technology • Potato processing technology • Vegetable and fruit technology • Delicatessen and convenience food technology • Beverage technology • Ice cream technology • Coffee processing technology • Tea processing technology • Aroma, essence and spice technology • Ingredients & auxiliary material • Packaging material • Packaging machinery • Printing, coding, marking, stamping, sleeving, labelling & imprinting machines • Robotics, operating equipment & auxiliary devices • Food safety & quality management • Automation, software & control equipment • Operating material, environmental technology • Refrigeration, air Conditioning, heating & ventilation technologies • Conveying, transport & storage facilities, logistics • Component, assemblies, surface technology & accessories.
